FUNDING OPTIONS AVAILABLE

OVERVIEW

The Project Manager apprenticeship is designed for those involved in all levels of project management, equipping them to work effectively and efficiently to ensure organisational success. The course covers organisational structures, responsibilities, stakeholders, project planning, and communication, along with managing projects in line with business issues and benefits management for optimal use of time and resources.

LEARNER OUTCOMES

This apprenticeship equips you with the skills to excel in project management.

Upon completion, you'll be able to:

Master Project Planning: Progress through modules covering core skills in the project planning process.

Navigate Project Phases: Work through the project definition, concept, development, and handover phases.

Manage Budgets: Learn about budget management and cost control.

Support Management Objectives: Consolidate plans to support overall management goals.

Enhance Efficiency: Develop skills to ensure projects are delivered on time and within budget.

ASSESSMENTS

We use a blended approach to assess our apprentices taking a holistic view of their capabilities, encompassing both theoretical knowledge gained through a modular approach and practical skills demonstrated in the workplace.

CAREER PROGRESSION

The project management apprenticeship could be a pathway to further career opportunities, such as project manager, programme coordinator, or project analyst.
